Outro (x2): Em D C D G

This tab is really easy and it sounds awesome with the song. When you play the chorus the first time and last time, let the "g" at the end ring for 8 counts. Feel free to sing background vocals anywhere in the song. When you play the "am" at the end of the bridge, play it for 4 counts. Also, when you repeat the outro let the "g" ring. God Bless!
