The Lighthouse

Words and Music by Ronnie Hinson

```
Verse 1
                            G7sus/C
              C
                                      C
There's a lighthouse on the
                               hill - side
C7/E
        F6
               F
                      F6
That
        o - verlooks life's sea
                    G7sus/C
                               C
When I'm tossed it sends
                              out a light
Am/C
        Em7
               D9
                       Bm/D
                               D7
                                     G
                    That I
                              might see
          C
                                 C7
And the light that shines in darkness now
     Dm7
                     D7
Will safely lead us o'er
F/G
           C
                       G7sus/C
     it wasn't for the
                        light - house
C7/E
                          G7
        F6
                   F/G
                               C
 My
       ship would be
                          no more
    Chorus
           C2sus
                   C
                        Em/G
                               Dm/G
                                       F/C
     And I thank God
                         for
                                the
                                       light - house
     C9
                              C
                       Fm6
          owe my life to
      1
                             Him
